

Artist Profile

Animenz is a classically trained pianist well known for his virtuosic performance and transcription of Japanese animation (anime) music. With more than 1,100,000 million subscribers on his YouTube channel and more than 1,200,000 on Facebook, Animenz's unique renditions of popular anime tracks, marked with his distinctive style of variations, has gained a substantial following on the internet.

Animenz is an ardent fan of Japanese animation. His journey in transcribing and performing anime music began in 2009, when he wanted to play music from the anime "Chobits" but could not find the sheet music online. He started a blog to share his transcriptions and the Animenz YouTube channel in 2010 to share performance videos with fellow anime fans and music lovers. Since then, he has amassed a staunch online following and has performed internationally to acclaim since 2013.

Here are some videos from his previous live concerts for your reference:

Concert Brief

The concert will be a solo piano concert, 2 hours long with a 15-minute intermission.

It should preferably be an evening show, starting at around 1900/1930 with a rehearsal time slot in the afternoon.

The pieces he will be playing are his own transcriptions of popular Japanese anime songs.

In addition to the concert, we hope that we would be able to sell his merchandise (sheet music books, posters, albums etc.) at least 30 minutes before and after the concert.
